PRO-BLU™

The new **PRO-BLU™ 933™** wire connector was developed with the installer's needs in mind. The **PRO-BLU™** design incorporates a range of features that makes installation easy and painless, even when installing multiple wire connectors.

- Made of durable polypropylene resistant to temperatures up to 125°C (257°F)
- Wide range of wire combinations: #22 to #8 solid or stranded
- POSI-GRIP™ surface, finger-friendly plastic
- Ergonomic twisting wings
- Rounded secure edge
- Approved for 600 V maximum copper building wire and 1,000 V maximum in signs or lighting fixtures
- LIVE ACTION® variable volume spring
